IMPRS-MBM

Joint PhD program of the University of Münster
and the Max Planck Institute for Molecular Biomedicine

International PhD Program in Life Sciences Münster, Germany

16 PhD Fellowships

starting October 2010

Research areas:

**Cell and Molecular Biology • Stem Cell Biology
Developmental Biology • Neurobiology
Vascular Biology • Immunology
Microbiology • and more**

Applications for the 3-year PhD program can be submitted from **March 7 to May 20, 2010**. Information about the program and its research projects as well as our online application system can be found at

www.cedad.uni-muenster.de

The program offers cutting edge biomedical science with a strong emphasis on imaging as well as excellent scientific and transferable skills training. The program language is English. There are no tuition fees.

CEDAD and IMPRS-MBM are jointly run by the University of Münster and the Max Planck Institute for Molecular Biomedicine.

We invite applications from highly qualified and motivated students of any nationality. Successful candidates will receive a competitive tax-free fellowship as well as support with visas, administrative matters, accomodation etc.

We are looking forward to your application for a PhD fellowship in Münster, "the world's most liveable city" (LivCom Award 2004).
